

THE HON SIMON CREAN MP
Minister for Trade

THE 6TH WORLD CONGRESS OF CHINESE MEDICINE
MELBOURNE 2009, AUSTRALIA

I commend Professor Lin and the Federation of Chinese Medicine and Acupuncture Societies of Australia for their great initiative in hosting the 6th World Congress of Chinese Medicine.

I extend a very warm welcome to delegates and express my confidence that all participants in the Congress will enjoy a rewarding and memorable experience in Melbourne - truly one of the world's most liveable cities.

The Congress provides an outstanding forum in which delegates will build and enhance the ties that bind practitioners of traditional Chinese medicine from across the globe.

Yours sincerely
